

Bailey & Company Advises Neurosurgery One on its Joint Venture Partnership with AdventHealth

Neurosurgery One leverages Bailey & Company's deep expertise in the MSK care continuum to create a custom partnership structure

Nashville, TN: (September 4, 2024) [Bailey & Company](#) today announced it served as financial advisor to Neurosurgery One (“NSO”), a prominent Colorado neurosurgical and pain management practice, in the creation of a unique joint venture partnership with AdventHealth, one of the nation’s largest faith-based health systems.

“NSO offers outstanding patient care across all neurosurgical specialties and pain management,” said Dr. David VanSickle, M.D., board-certified neurosurgeon and NSO partner. “This ground-breaking joint venture (JV) with AdventHealth extends our ability to treat more patients

with this same exceptional service.”

“This innovative JV structure expands our patient reach and enhances our administrative capabilities while maintaining what has made NSO one of the most successful neurosurgery practices in the country,” added Dr. Adair Prall, board-certified neurosurgeon and NSO partner.

This strategic partnership positions NSO to accelerate its growth and expand its reach across the region. By leveraging NSO’s experienced team of neurosurgeons and physiatrists, AdventHealth will continue to deliver outstanding clinical outcomes and patient experience throughout Colorado and the Rocky Mountain region.

“Musculoskeletal care services continue to prove to be one of the most sought-after healthcare specialties for investment,” said Bailey & Company Managing Director Andrew Hewlett. “The NSO-AdventHealth partnership represents a landmark transaction as the first true joint venture between an independent neurosurgery practice and national health system.”

About Neurosurgery One

Neurosurgery One is one of Denver's most experienced neurosurgical practices. NSO's board-certified Denver spine surgeons and Denver back pain specialists have been serving patients for more than 30 years. NSO offers expert neurosurgical care to help relieve back, neck, arm and leg pain caused by spine conditions and customized treatment plans for brain tumors, movement disorders, and other brain, skull, and peripheral vascular conditions. NSO is committed to providing expert care supported by medical research for each of our patients based on their unique needs and utilizes state-of-the-art technologies to achieve the best possible outcomes.
